We are overjoyed to share our distinction for **"Future Looks Bright"** in the **International Tourism Film Festival Africa**, held in Cape Town. The festival is organized by the International Committee of Tourism Film Festivals, or for short **CIFFT**.

Since 1989, CIFFT has been celebrating the travel video marketing industry from four continents. The exclusive **World’s Best Tourism Film Awards** are synonymous with prestige, recognition and visibility, honoring the most creative/innovative travel videos of the year.

Our short period film **"Future Looks Bright"**, a romantic comedy story from 1920s Crete, **won the Gold Award under the category “Tourism Services”***. It is an honor to be recognized for a dearly beloved project, **produced by Xperience More**, a local company which showcased a **Cretan adventure of epic proportions in 7 minutes**. **Anemos Luxury Grand Resort** evolves creatively with tradition, as we embrace our heritage and embellish it with moments of luxury in **Georgiupolis, Chania, Crete**.
