

## **ANEMOS TAKES FIRST PLACE AT SILAFEST IN SERBIA**

Following our previous distinctions at CIFFT, Anemos' **"Future Looks Bright"** continues to impress the judges worldwide, taking first place in **Silafest**, held at Veliko Gradište, **Serbia**.

The **14th Silver Lake Tourfilm Festival** transpired between August 28th and September 3rd, revealing 30 award-winning audiovisual productions, amongst them Anemos' own period film. Amidst a diverse program of film screenings and various activities, a lively exchange of experiences took place between professionals-leading figures of the audiovisual future of the Hospitality Industry.

We are very honored our 7-minute-long video, **produced by Xperience More for Anemos Luxury Grand Resort**, won first prize in the **category "Tourism Services"**. Through a credible jury evaluation, we were distinguished for our creativity and innovation, blending the old with the new in a timeless love story of epic proportions on the grounds of **Georgiopolis, Chania, Crete**. We continue to inspire an air of magic to the notion of travelling as we sail through new summer adventures with our guests around the world.
